URBAN HEALTH SEMINAR

Co-hosted by:

Healthy City Research Forum + Planetary Health Network @ UBC

Dr. Chris Barrington-Leigh

Associate Professor at McGill University, Institute for Health and Social Policy, School of Environment, Department of Economics

Tuesday, May 29, 2018

School of Population & Public Health @ UBC

SPPH Room 143

11:30 am – 12:30 pm

Special Speaker: Dr. Chris Barrington-Leigh

Discovery of a global lock-in to low-efficiency urban futures: trends in local street-network sprawl

Using data from OpenStreetMap and remote sensing information on urban extent, Dr. Barrington-Leigh will present evidence that local road networks in new developments around the planet are becoming less connected, locking in poor urban form for the indefinite future.
